

MEGHANA MANDLA

Computer Science Student — DevOps Enthusiast

Nellore, Andhra Pradesh – 524230

meghanamandla05@gmail.com — LinkedIn Profile

CAREER SUMMARY

Motivated final-year Computer Science student with strong foundation in programming, Data Structures, and Algorithms. Interested in Artificial Intelligence and Machine Learning. Passionate about solving problems and building practical applications.

EDUCATION

B.Tech – Computer Science & Engineering
Andhra Engineering College 2022–2026

Senior Secondary (XII) – Science
Pragathi Junior College 2022
Percentage: 82%

Secondary (X)
ZPHS Nandipadu 2020
CGPA: 10/10

SKILLS

Programming Python, C, SQL

Web Development HTML, CSS

Core Concepts Data Structures, Algorithms

Soft Skills

- Problem Solving
- Critical Thinking
- Communication
- Teamwork
- Leadership
- Time Management
- Creativity

CERTIFICATIONS

Artificial Intelligence & Machine Learning – APSSDC (May 2024)

Frontend Development Internship – CodeAlpha (Jan 2025)

Python Internship – Vaarada (May 2025)

SQL Certification (Sep 2025)

INTERNSHIPS

Artificial Intelligence and Machine Learning Intern – APSSDC

May 2024 – Jul 2024

- Completed training in AI and ML concepts.
- Worked on basic AI tools and practical implementations.

Python Intern – Geekster

Jun 2024 – Jul 2024

- Practiced Python programming and data handling.
- Worked on beginner-level coding projects.

PROJECTS

Containerized Flask Web Application using Git and Docker

- Developed a Flask-based web application with structured backend logic.
- Used Git for version control and collaborative development.
- Containerized the application using Docker for consistent deployment.
- Ensured smooth execution across different environments.

Secure Persona Predictions and Data Leakage Prevention

- Applied ML techniques with secure data handling.
- Focused on privacy and prediction accuracy.

Face Emotion Detection

- Built real-time emotion detection using Python.
- Implemented ML-based classification.

Student Management System

- Developed database-driven student record system.
- Implemented CRUD operations using MySQL.

Online Quiz Application

- Developed a web-based quiz system with multiple-choice questions.
- Automatically evaluates answers and displays scores.

ADDITIONAL DETAILS

Workshops & Webinars

- Attended workshop titled "Create Your Own AI".
- Participated in AI and AI tools webinars.

Academic Leadership

- Lady Representative – Advocated and organized empowerment events.
- Project Team Lead – Managed planning and execution of projects.

Languages

- English
- Telugu
- Hindi

Interests

- Internet Surfing
- Event Management
- Social Media Marketing
